Description of Change:

This notice affects selective U2 Series of products identified above. The change being implemented is a change in the marking method for the part number, date code, and any additional markings, that are marked on the product. These markings will now be laser etched onto the product. The previous ink marking will no longer be available for these products.

Impact on OTTO Customers:

No impact to customers. However, laser marking will improve the legibility and marking durability.

Reason for Change:

The changes improve manufacturability of the product and allows for improved visibility/readability of the product markings.

Effective Date:

This change will be in effect as of March 1, 2022.
